

THE COUNCIL FOR TOBACCO RESEARCH-U.S.A., INC.

900 THIRD AVENUE  
NEW YORK, N. Y. 10022

HARMON C. McALLISTER, PH.D.  
ASSOCIATE RESEARCH DIRECTOR

January 18, 1985

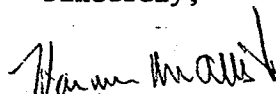

Edward D. Harris  
Texas A&M University  
Biochemistry and Biophysics  
College Station, Texas 77843-2128

Dear Dr. Harris:

After consideration of your request for support of the FASEB Summer Research Conference on trace metals, CTR's scientific staff has recommended against such an action. As competition for our relatively small research budget has intensified, we have been forced to restrict our expenditures for conference support.

I hope you will be able to secure adequate alternate funding for this very worthy conference.

Sincerely,

Harmon C. McAllister
